Guard Morals of Navy.

Dallas, Texas, Aug. 27.—Yesterday morning a man applied at the navy recruiting station to enlist as a seaman. He was a well-built, stalwart-looking chap. He was passing his physical examination in fine manner when told to strip. The first thing Dr. Bosile, the examining physician, noticed was some obscene tattooing on the man's body. He was immediately told that he would not be accepted.

The man went to the army recruiting station. He did not tell that he had been rejected by the navy. He was passing splendidly until Sergeant Walsh noticed the tattooing and said, "Oh, no we can't take you with that stuff on you."

Yesterday afternoon the man appeared again at the navy station and announced that he had been to a tattoo artist and had the pictures obliterated. He was again rejected. Officers in charge later said that they would not accept a man, on the ground that if his taste ran to such pictures he was not a fit man for the navy.

It warms and soothes the sore, stiff, painful places and you feel so much better. Buy it at any Drug Store, only 25 cents."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars' reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.
